Lyman Orchards Thursday Golf League Newsletter Results – May 2nd 2024

Weather - Sunny, warm in the high 70's

Participation - We used 13 subs and had 100% participation

Pace of Play – Everyone finished, but, at this time in the season, it should be a no brainer. First groups out set a good pace and were done by 5:45pm, about 20 minutes after the last groups had teed off. There were numerous groups in a row that were spread out a hole apart. In the end, the final groups had to play 2:40 rounds.

These last groups should be finishing before 8pm every week and Joe, Dave or myself should have the paperwork by 8:15 and we would be out the door. This is not the case and I will continue to push this league to play ready golf and stop wasting precious time. Every team in this league should have to experience the 5:30 tee time at least once to appreciate what the late division puts up with each week.

Thursday Standings and Next Schedule

The May 2nd standings will be posted on the web site next Tuesday. Joe Cordero is away at his daughter's graduation and the scores will be posted into the database when he returns.

The May 9th schedule is posted on the web. We are scheduled for the Player course next week.

 The 4:06 PB #7 vs #9 match will be moved back to about the 4:40 time frame to accommodate a player's late arrival. The schedule next Wednesday will show a few minor adjustments. It may just be a swap in two matches or several teams moving up one tee time.

If you need a sub for May 9th, please advise. I have the following so far..... Heimann, Crane, Igo, Jetmar, Devlin, Burgess, Jim Moore.

Birdies and Best Rounds

If we missed a birdie or a best score, please send me an email with the information and we will update the league records. Thank you.

The league combined for a total of 12 birds
